## TABLET HOLDER

The Stages Tablet Holder is designed to hold screens as small as the iPhone 5 (landscape) and as large as the iPad Pro (landscape). The tablet holder is perfect for instructors who desire to use a screen, bikes located on the gym floor or outside of the studio, and riders who have home bikes.

## NUMBER PLATES

The magnetic Stages bike number plates make it quick and simple for studios to number their bikes.

## MEDIA SHELF

Easily installed, the Stages media shelf is compatible with all SC bikes and can be used with or without a console. The media shelf is a favorite on instructor bikes for phone accessibility.

## AEROBAR ATTACHMENT

The Stages aerobar attachment is compatible with all SC series bikes and handlebar configurations and allows the rider to assume a traditional aero position.

## DUMBBELL HOLDER

Capable of holding weights up to 5 kg (12 lb), the simple and durable dumbbell holder fits on all Stages SC indoor bikes.

## SP3 PEDAL

Designed and created by Stages Cycling, the patent-pending SP3 sets the new standard for premium indoor cycling pedals. With revolutionary features such as the one-click, tool-free quick release platform and easy-adjust strap system, SP3 is the ultimate upgrade to complete the upscale indoor cycling experience.
