STAGES SP3 PEDAL

Designed and created by Stages Cycling, the patent-pending SP3 sets the new standard for premium indoor cycling pedals. With revolutionary features such as the one-click, tool-free quick-release platform and easy-adjust strap system, SP3 is the ultimate upgrade to complete the upscale cycling experience.

LOOK DELTA PEDAL +
CLEAT

SPD PEDAL + CLEAT

TOE CAGE

- + Compatible with three pedal and clip platforms
- + Accommodates road style shoes with LOOK Delta cleats
- + Accommodates all other cycling shoes with SPD style cleats
- + Integrated platform for users with athletic shoes
- + Improved athletic shoe platform easily inserts into the LOOK Delta retention clip and includes a new strap retention system that makes adjustments and release quick and easy
- + The platform requires no tools for removal and is removed with the use of a proprietary spring-loaded clip
- + SP3 pedal can be installed onto any indoor cycling bike that utilizes a 9/16" pedal spindle
- + SP3 pedal utilizes a redesigned spindle for longevity and ease of use
- + Wider pedal body allows for a larger surface area for increased rider contact and maximizes power transfer

Weight: 678 grams for pedals alone, and 1148 grams with platforms attached

Warranty period: One year
